

Thursday evening Zoom sharing event

'How far we've come'

7.00 pm AEST

Thursday, 18 November 2021

Registrations open at www.qcal.org.au

FREE

Introduced by Remy and Dean

After having to endure a difficult childhood and struggling with not only mental health but schooling due to being moved around so often, the two of us have managed to beat the odds and have gone on to do the SEE program, the year 10 equivalent course and a Cert III in visual arts at TAFE which we completed at the beginning of this year. We are now studying a Cert III in Child Care and Early Education and a Diploma of Graphic Design.

We never thought doing these courses would be possible for either of us, but here we are.

Remy and Dean will share more of their stories during the webinar and their reflections will be followed by the sharing by the participants of other students' stories.

When you register, we will forward the code for participation.
